Dear Ms. Maestas:

Thank you for this opportunity to apply for funds to improve services to cardiac arrest patients in rural communities in northern California.

We have made major progress toward this goal by distributing automated external defibrillators and conducting training session. If funded, this project will place 15 more AEDs and 15 more AED training units at response organizations, including community fire departments.

If you have questions or comments, please call me at our new office number, (530) 229-3975, or FAX me at (530) 229-3984. You will also note that we have a new address but have not yet changed our letterhead. We recently moved into a new building constructed by and for Nor-Cal EMS, the regional regulatory authority.

Thank you for your consideration.

Sincerely,

John Cannan
Foundation Director
